

Calendar 2010:

Finnish Polish Chamber of Commerce - SPKK (in cooperation with Trade and Investment Promotion Section of the Embassy of the Republic of Poland in Helsinki) will be representing own and partners' members during the following business meetings and events:

13-04.2010-16-04.2010 FinTec , ToolTec and PlasTec, Helsinki

The most significant machines, products and services of the metal and engineering industries will be on display at the sturdy **FinnTec** exhibition on **13-16 April 2010**. The theme of this event, the leading metal and engineering industry tradeshow, will be productivity.

Organising five separate industrial exhibitions as a concurrent totality proved effective in spring 2008. The concept provides both exhibitors and visitors with synergy benefits and great opportunities for networking.

FinnTec is now being arranged for the 15th time. It will be complemented by the **ToolTec** industrial tool exhibition, the **PlasTec** tradeshow for the plastics industry, **SeaTec Helsinki 10**, the new international event for sea technology, professional the industrial surface treatment and corrosion prevention event **Pinta** as well as the machine-shop supplies and parts manufacture exhibition **Materia**.

21.09.2010-23.09.2010 International trade fair for the subcontracting industry , Tampere

The 2010 international Subcontracting Trade Fair will gather the best contacts of the subcontracting industry to Tampere Exhibition and Sports Centre for the twentieth time.

Indisputably the most attractive and most international industrial trade fair in Finland is held on September 21. – 23. 2010. Participating companies have an excellent opportunity to create and maintain networks with new and old business partners.

The 2009 Subcontracting Trade Fair gathered **899** companies from all over the world. This is something that no other trade fair in Finland has been able to offer. **16.840** professionals of the industry visited the 2009 Subcontracting Trade Fair.

The internationalization and networking of industrial enterprises will lead to growing outsourcing of operations. The Subcontracting Trade Fair offers an opportunity to meet with present and prospective customers and gives possibilities to create international networks.

You should register to the 2010 Subcontracting Trade Fair as an exhibitor right now as the most significant actors of the industry are taking part at the 2010 trade fair! If you would like to register as an exhibitor please carefully read through the instructions under the link How to become an exhibitor.
