ABOUT FALCK MEDYCYNĄ SP. Z O.O.

Falck Medycyna Sp. z o.o. has been operating in Poland since 1991 and is currently the largest non-public provider of medical transport. It has a specialized medical staff of over 2,000 people. We perform our duties with passion and professionalism. With this capital, Falck fulfills its mission to BE ALWAYS CLOSE and patients can feel safe.

We provide effective solutions and flexibly adapt to the local needs of our clients. Our actions have a direct impact on improving health.

AN OFFER

We have created a **mobile swab test points** and tests can be performed in the facilities and places indicated by you.

Based on your needs, tests can be carried out on a daily, weekly or monthly basis.

We provide qualified medical personnel needed to collect biological material, transport personnel to the indicated place and disposal of a medical waste.

For testing we use cassette antigen test from Abbott (Panbio COVID-19 Rapid Test Device) and Bisaf Core Test Covid-19 Ag. Test result is visible

after 15-20 minutes. We also offer a molecular real-time PCR test (swab).

As well we provide a documentation needed to settle the used tests.

The offer can be modified to your needs and expectations. We cordially invite you to cooperate with us, the Falck Medycyna team is at your disposal.

Please do not hesitate to contact with us.

Project Coordinator Aneta Sabala, tel. +48510 202 000 e-mail: a.sabala@falck.pl

FORM OF SETTLEMENT

For the provision of swabs, we recommend settling the working time of swab teams.

Nevertheless, we prepare individual calculations for each client. They will take into account all factors such as: lead time, planned number of tests, location of the test site, number of personnel, technical issue etc.

If you are interested in our offer, please contact us by phone or mail.

Sincerely

Aneta Sabala
