IN A STRIKING
RETRO STYLE,

PURO KRAKÓW OLD TOWN

WWW.PUROHOTEL.PL

WWW.PUROHOTEL.PL

invites guests to relax among
its locally-inspired interiors
and artworks.

Ever keen to enliven and innovate, PURO Hotels is launching a freshly reimagined property in the heart of Kraków. Just few months of hard work and the result is stunning!

Guided by the vintage glamour of Kraków's interwar cafés, as well as the clean functionalism of its mid-century modernist hotels. The result is an elegant living space, grounded in Kraków's sophisticated past, but realized through the vision of the city's most youthful generation of designers.

We invite all SPCC members to enjoy a friendly rate and additional perk at your choice (extended stay or free upgrade to next room category)

simply plan your stay

HERE

(click on link)

with no obligation – you may cancel for free till 3 pm on a day of arrival

PURO Kraków Old Town is the perfect place to meet before you continue your journey - without the stress of getting stuck in a traffic jam on your way to the railway station or your next meeting. Relax, you are in the center.

HINT

Hotel guests and Krakow residents are invited to explore **HINT Bistro & Bar**. The simple menu, also with vegan and vegetarian options, is inspired by street food from different parts of the world (of course there is also a children's menu!). The bar tempts with original cocktails, an extensive list of wines from Europe, New Zealand and South America, as well as regional craft beer. In cooperation with a local brewery, even Hint beer was created. Currently available only to hotel guests in the privacy of their rooms, which does not mean that you cannot eat well while on a business trip. Enjoy!

MEET @ PROXY

Intimate space (39 m2) - ideal for small meetings (currently up to 5 people) - we will help you organize any event. Live streaming or a hybrid is a piece of cake for us as of solid Internet connections, although we strongly believe that nothing can replace the energy of face-to-face meetings. Remember that we constantly care about your safety
