Single Market Forum 2012 (SIMFO 2012)

October 18th, 2012
Ministry of Economy
Trzech Krzyży Square 3/5, Warsaw
POLAND

The four freedoms (the free movement of goods, capital, services, and people) have allowed European Union to become stronger and united. However, the possibilities that Internal Market has to offer are still not fully exercised.

SIMFO 2012 will be an opportunity for discussion on the future of the Internal Market. If you are an entrepreneur, or if you are entering the labor market in the EU, or if you are simply interested in the problems of the single market, we invite you to participate in this event.

Participation in SIMFO is free of charge!
