

This year's 9th edition of the INFRASTRUCTURE International Trade Fair of Municipal and Road Infrastructure will be held from 15th to 17th November. Companies from every domain of road infrastructure will exhibit at the fair, including the area of road traffic safety as well as the construction and modernisation of urban infrastructure. The event shall provide an opportunity for meeting the representatives of government agencies and of central and local authorities. Moreover, the fair shall be accompanied by a rich programme of conferences, workshops and seminars dedicated to the industry's current issues. The INFRASTRUCTURE fair will be held at the MT Polska Centre at 56c Marsa street in Warsaw.

Good business climate

Every edition of the fair is accompanied by prestigious events for professionals, which guarantees the presence of the right audience. Some examples of already confirmed topics are:

- A two-day conference dedicated to the law on road safety audits organised in cooperation with the Ministry of Infrastructure and the National Road Safety Council;
- Conferences of the Road and Bridge Research Institute: "Active Intelligent Road and Bridge Guardrails" and "New methods for road pavement testing" - organising committee chaired by Prof. Leszek Rafalski (PhD Eng.)
- 2nd edition of the "My Innovation" Forum – moderated by prof. Dariusz Sybilski;
- 2nd edition of the debate concerning construction vehicles and equipment – a meeting for managerial staff organised in cooperation with the publisher of the "Pośrednik Budowlany" trade magazine;
- The "Roads administration – new challenges" Forum organised by the Polish Road Congress association;
- SecTrans "Security in public transport" conference organised by Centrum Kształcenia Ustawicznego w Inżynierii Komunikacyjnej (Centre for Continuous Education in Transport Engineering) „IKKU” Sp. z o.o. ;
- "High speed rail in Poland" conference organised by the Working Group for High Speed Rail in Poland of the Committee of Transport of the Polish Academy of Sciences.

The participation in the fair is free of charge, but a prior registration is required.
